

**WHOLESALE BEER  
DISTRIBUTORS OF TEXAS**

WORKING FOR BEER DISTRIBUTORS STATEWIDE SINCE 1939

# CASH LAW

The Cash Law requires that products purchased from distributors be paid for in cash (checks or electronic transfer funds) and not on credit before or at the time of delivery.

Keeps all three  
tiers' cash  
flow positive

Protects craft  
and small  
brewers

Ensures Texas  
receives its  
tax dollars

Distributors are responsible for collecting Texas' excise tax. The Cash Law ensures that Distributors have the available funds to pay the taxes each month

## **BENEFITS OF THE CASH LAW**

Beer is more perishable than wine or spirits. Paying in cash ensures quality of product, which protects the consumer, breweries, distributors, and retailers
