

**WHOLESALE BEER
DISTRIBUTORS OF TEXAS**

WORKING FOR BEER DISTRIBUTORS STATEWIDE SINCE 1939

DIRECT TO CONSUMER (DTC)

DTC liquor sales will threaten public safety and negatively impact Texas businesses

DTC shipments will make it easier than ever for children to buy, access, and consume liquor

What are the issues?

DTC lack protections and verification that in-store protocols ensure

DTC jeopardizes \$250M+ in state alcohol tax, and small manufacturers would compete with large corporations for market access

DTC allows bad actors to enter the supply with tainted alcohol

DISRUPTION OF CURRENT LAW

The current law includes checks and balances to protect Texas consumers. DTC shipment of alcohol disrupts these protections, risking the lives of Texans and children
